Buttons Turn For Hutton

THE BODY of Linda Claire Hext, found Monday in Palo Duro Canyon, was taken by horseback to the Beedy Ranch Headquarters and from there by ambulance to LaGrone Funeral Home. Directing recovery operations was Texas Ranger Butch Albers.

Lair Defeated In County Clerk Race

Republican Leroy Hutton unseated veteran Democrat Tommy Lair Tuesday as Randall County went with the district and state in electing Bob Price of Pampa to Congress and re-electing Senator John Tower.

Hutton, an Amarillo businessman, received 4,704 votes while Lair drew 4,417. Lair has served as county clerk for the past 20 years.

Lair did well in most of the small-vote precincts while Hutton forged ahead by carrying the big ones.

Both Lair and Hutton sweated out the election returns at the county clerk's office in the court house. As the final boxes came in, Lair congratulated Hutton on his victory.

Only about 75 percent of Randall County's qualified voters cast ballots. About 9,778 voted out of a voting strength of 13,471 who were qualified.

Precinct 6, Gene Howe School, was one of some 3,000 sample boxes used by Columbia Broadcasting System for early projection of election results. Early sampling enabled CBS to use computers for remarkably correct predictions early election evening on who would win across the country.

Republican Bill Butler won re-election over Democrat Wanda Fischer by a substantial margin of 3,108 to 1,771. Butler is an Amarillo businessman and Mrs. Fischer is the wife of an Amarillo lawyer.

Democrat Clarence Beckman, commissioner here for 30 years, breezed past Republican challenger JoZach Byrd 417 to 190. Byrd is a Canyon insuranceman. Beckman, an Umbarger farmer, carried every box in his precinct.

Mrs. Ruth Hill retained her office of county treasurer by defeating Mrs. Ralph Bruse.

No Meeting Set By GOP

Republican County Chairman Dick Bittman said he and some other party officials are "taking a look" at Tuesday's election returns.

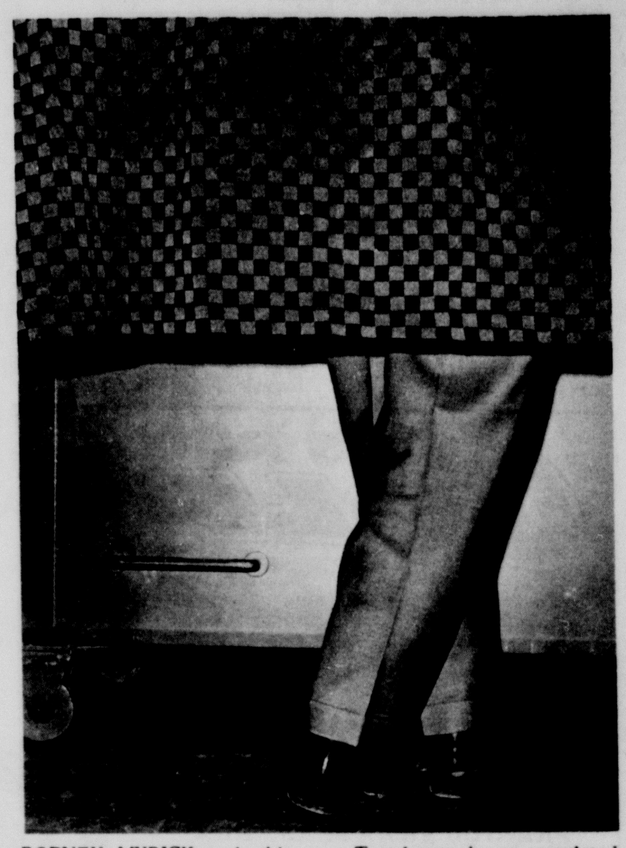

He said any discrepancies will be discussed with Randall commissioners court as it meets in the courthouse at 1 o'clock Monday.

Bittman said he talked to party officials and the party attorney Wednesday about possible discrepancies. However, he said no meeting of the executive committee has been called to investigate.

"Before we do anything we want to talk to some people and get their advice," Bittman said.

Bittman said several possible discrepancies had been brought to his attention.

"We will take the normal steps to canvass the election returns as any party should," Chairman Bittman declared. "If any discrepancies actually exist, they will be brought to the attention of the proper people."

RODNEY MYRICK took this pose Tuesday as he contemplated his vote. Myrick is a vocational agriculture instructor at Canyon High School. He voted at box 17.

Search Party Recovers Body, Stricken Deputy Is Rescued

BY MARY ANN WALTER

The body of 21-year-old Linda Claire Hext of Lubbock was discovered in Palo Duro Canyon Monday morning about 10:15 after a full scale search had been mounted by members of law enforcement agencies and the Randall County Sheriff's Posse. The girl was found by Joe Carver, concessionaire for horses at the Park.

Search for the missing girl began Sunday at 4 p.m. when members of the Park staff decided a car parked across from the ski lift area had been abandoned. Further investigation revealed the girl's personal belongings, including a receipt for a pistol and a box of shells. The Randall County Sheriff's Office was then notified.

The body was located approximately 200 feet below the rim of the second mesa and was an estimated three-eighths of a mile from where the young woman had parked her car on the canyon floor.

Death by self-inflicted gunshot wound in the right temple was the verdict of Justice of the Peace, W. A. Bill Wilson, acting as coroner. An autopsy was not ordered.

The young woman, who attended Texas Tech and worked part-time in a Lubbock bank was reported missing Nov. 2 (Tuesday) after the bank notified her parents, the Murrell Hexts, that she had not reported for work.

Aldridge Decision Reversed

The Darrell Aldridge case probably will go to the Texas Supreme Court now, according to Jack Hazlewood, attorney for the West Texas State University student from Lamesa.

Aldridge, 21, was expelled from school last spring and then was reinstated by a writ of mandamus handed down by District Judge Gene Jordan in 47th District Court here.

West Texas State appealed and Monday the Seventh Court of Civil Appeals handed down a per curiam decision overturning Judge Jordan's mandamus. There was no dissent among the three justices of the court.

"We'll probably appeal it," declared Hazlewood. "Whether we appeal or not depends

Commission Approves Plat Estate

Randall County commissioners court Monday approved a plat for Unit No. 1 of Canyon Park Estates with the understanding that developers meet with county specifications in construction of streets.

"If these roads don't meet specifications I will abandon them," declared B.R. Jones, commissioner from Precinct 1 in which the development is located.

Ed Chambers, Denver project manager, assured the court that specifications will be

Public Hearing Nov. 21 On City Telephone Merger

City Commissioners agreed Monday to conduct a public hearing Nov. 21 on a proposed merger of the Amarillo and Canyon telephone systems.

D.D. Dillard, district manager for Southwestern Bell Telephone Company in Amarillo, told the city dads rates on a one-party private line would increase from $4.50 to $5.75; one-party business line would jump from $9 to $13; and a two-party residence would increase from $3.75 to $4.25. Increase in a private extension would be from 75 cents to $1.25.

The hearing, slated for 7 p.m., will be conducted in the Community Room of the soon-to-open First National Bank Building.

One of the issues to be decided will be if Canyon will be included in the Amarillo directory or if two separate books will be maintained.

Dillard said if two books were used, an Amarillo directory would be given to Canyon residents, but that residents in Amarillo would need to request a Canyon directory.

Separate listings for Canyon and Amarillo would place residents in their own section at the back of the Amarillo book.

Dillard stated there are 86,000 telephones in Amarillo and 5,029 in Canyon, which

SOUTHWESTERN BELL Telephone Company District Manager D.D.Dillard, left, and City Manager Gary Gwyn discuss a proposed tie-in between Amarillo and Canyon systems. City Dads scheduled a public hearing Nov. 21 at the First National Bank Community Room. The hearing is slated for 7 p.m.

Snow...Rain Sleet..And?

Although about .20 inches of snow, sleet and rain fell in Canyon Wednesday morning, the area should have a warming trend toward the weekend with near normal temperatures.

An official at the United States Weather Bureau in Amarillo said the outlook for the remainder of the week shows temperatures rising to the upper 40's by Thursday afternoon.

Moisture, he said, had probably run its course for the week. The .20 was recorded at the Randall County Courthouse.

Bone-chilling winds accompanied the combination of moisture Wednesday, but a Weather Bureau official noted it was not unusual to have this type weather in early November.

FROM THE CANYON RIM

By Troy Martin

Gathering news on elections is one of the plus things about being in the newspaper business.

We see most of the candidates for county, district and even state offices during the campaign. Election night is like watching a football game in which you know all the players.

It has its sober moments too because, like in football, only one team can win. So you have the chore of saying a few comforting words to friends who have lost.

I've always wondered why people will offer themselves for office and take the risk of being badly trounced at the polls.

Election night is a lot different now than it was when I went into the newspaper business 20 years ago.

We used to have the central election office at the Globe-News and many candidates came there to follow election results.

I've been needled a couple of times because The Canyon News does not hold an election party. The world is too mechanized for an election night election party, where results are posted on a huge bulletin board.

Even big newspapers can't cope with the kind of election results that the television networks are geared to give. Now you can sit in your living room and watch results from across the nation.

Besides that, TV networks have computers which have an uncanny ability to predict overall election results, sometimes even before a single ballot is officially counted.

Election parties were lots of fun. Alas, I fear that they are gone with the horse and buggy.

Signal Lights Are Discussed

Gary Gwyn, city manager, is "evaluating" a newly developed count-down traffic control light for possible use here.

Claude Neilon, representative of Count-Down Signal Manufacturing of Abilene, was in Canyon last Wednesday to discuss the signal light with Gwyn.

The light provides a nine second count-down between the green light and the three-second amber prior to red. Other than the tick-off sequence located in the same light position as amber, the instrument looks the same as any other traffic light.

The amber light on informs drivers how many seconds he has before the signal turns red.

The Abilene Traffic Department tested the device for 22 months at two "problem" intersections, Neilon said, and records by the city there show accidents reduced by 44.4 percent and property damage cut by 54.4 percent.

Palo Duro Canyon, with it's natural beauty and grandeur and the Pioneer Amphitheatre have put Randall County on the map as a recreation and cultural center.

It is hailed as such by the residents of the county.

These same people are equally aware of the tremendous responsibility placed on their shoulders simply because of the canyon and the treacherous country it contains.

This was admirably demonstrated Monday morning when members of our "working" Sheriff's posse, Randall County Sheriff's office, West Texas State University Security office, Texas Rangers, Park Rangers, park concessionaires, ambulance services, helicopter crew, doctors, and a couple of scrawney newspaper reporters pitched in to first locate the body of a Texas Tech coed and then to provide rescue operations when a deputy suffered an apparent heart attack.

There was no question as to which organization was going to do what, no squabbling about credit, just men and equipment with a job to be done. And it was done.

The people of this county are indeed fortunate. Palo Duro Canyon is sometimes a mixed blessing. But when the need arises, the people rise to the occasion.

*****

Saturday evening when County Judge Lloyd King spoke to the 4-H Awards Banquet, he mentioned that in Juvenile Court he had never handled youngsters with backgrounds in 4-H and Scouting work.

He complimented the young 4-Hers gathered at the dinner on their participation in the program and praised the community for providing organizations of this caliber for youngsters to participate in.

*****

Our Panhandle weather is at it again...in less than one hour, cold wind, sleet, snow and rain.

The boss was walking around the office drying his bald top with a paper towel.

Downstate this little flurry will probably be recorded as a blizzard.

Perhaps we are taking the wrong tack on our weather situation. Instead of trying to prove that the sun shines almost 350 days a year, maybe we should capitalize on the uncomfortable side of the weather.

That's what Chicago has done .....instead of trying to fight the image, they latched on to the "Windy City" gimmick and made hay out of it.

*****

Some clown left a post-election day "Sympathy" card in my typewriter yesterday morning.

But I'm not turning in my Dee Miller button yet.

Am predicting we will be hearing more from this capable young man in Panhandle politics.

Mayor Commends Tulia Woman

The following is the text of a letter sent to a Tulia women by Mayor Paul Lindsey.

City Commissioners agreed the woman had acted "above and beyond" her duty as a citizen by helping Mr. Adams.

The letter read:

Mrs. Howard Love
711 N. Floyd
Tulia, Texas

In the afternoon of Wednesday, Nov. 2, 1966, Mr. John Monroe Adams, a long time resident of this city, was stricken with a heart attack and and passed away before he could be admitted to the hospital. It has been brought to my attention that you made a valiant attempt to revive Mr. Adams by administering mouth-to-mouth resusitation is spite of the fact that you did not know the man personally. It is the feeling of the City Commission that such actions on the behalf of your fellow man should not go unrecognized. Therefore, on behalf of the citizens of Canyon, I want to extend our sincere appreciation for your unselfish actions in that time of need.

Sincerely,
s/Paul E. Lindsey

A Tribute

Whereas the Canyon Rotary Club has suffered a great loss in the recent passing of our beloved member, H. Grady Persons, and

Whereas his long life among us and his membership in Rotary for more than a third of a century has nobly exemplified the principles for which Rotary stands, and

Whereas his interest in Rotary has been notable for a near perfect attendance record, for his very warm fellowship within the Club, and for his unfailing welcome to our many visitors, and

Whereas Grady was unfailing in his interest in the sick and afflicted of our community and spent much time in visiting and serving them;

Therefore be it resolved that this Club extends to his family its sincere sympathy. We shall greatly miss him, his genial fellowship, and his active support of this organization.

Be it further resolved that a copy of these resolutions be spread upon the minutes of this body: that a copy be transmitted to his family, and that a copy be offered the Canyon News for publication.

May he rest in eternal peace!

Bill Lyle, Agricultural Engineer and Irrigation Specialist for Texas A. & M. University Extension Service will conduct a training school of County Agents on Nov. 9-10 in Canyon. Lyle will work with County Agents from 11 counties.

The agents will receive information on the engineering features of water production from underground and top storage areas. He will give some time to water distribution systems. The course will emphasize the efficient use of water as it relates to crop production. The school for county agents will be held in the Randall County Farm Bureau Building in Canyon.

*****

The 1966 cotton crop on the high plains of Texas will not be one of our largest cotton crops neither will the quality of the cotton produced be of superior quality. The cool weather of late summer and fall plus the early freeze in October means a lower quality cotton will be marketed from this area. Improved technology and automation in the spinning and cotton cloth industry has caused an increasing demand for longer staple and stronger cotton fibers. Much research is now underway to develop newer shorter maturing higher quality cotton varities for this area of Texas. The type of cotton we now produce is not finding ready markets.

*****

Soybean production is increasing in this area. Some good yields are being reported. For many years farmers felt that soybeans could not compete with cash grain crops for scarce irrigation water. Higher bean prices and better varieties have changed this situation. Soybeans is not a new crop in Texas. For many years soybeans of the mid-west types were grown for forage and hay. Experiment stations have developed many lines now which fit our conditions and have shortened the maturity time on most varieties. Now there are varieties which mature in 100 days.

Soybean oil meal has long been a favorite protein feed for livestock. The edible oil is a valuable by-product. In many parts of the world where protein-rich foods are scarce the protein materials in soybean meal is finding ready markets as human food.

The soybean is a taprooted legume crop but is not considered to be an important soil improving crop as we now use them. Very little or no fertilizer is needed to produce good yields on our heavy fertile soils. There is some competition for water in late summer and early fall between beans and grain sorghum if both grow on the same farm.

BENNY COOPER, left, and Clay Cooper look over an advertisement for Cooper's Market. Benny is manager of the grocery and Clay is the owner.

Grocery Business Family Tradition

Clay Cooper, owner of Cooper's Market, has been in the grocery business most of his life.

In 1916, shortly after Clay was born, his father, the late C. O. Cooper, went into the grocery business at Hedley. Before that the elder Cooper had been engaged in farming.

The Coopers moved to Canyon in 1930 to operate a Piggly Wiggly store here. The store was located on the west side of the square under the old Palace Hotel. The post office was next door, making for a desirable location.

Clay started to school at Hedley and attended school there through the ninth grade. He went to Canyon High School his junior year and then went to McLean to work for his brother, John, who was in the grocery business there. He finished high school at McLean.

Clay was graduated from West Texas State University with a BA Degree in history in 1939. In the meantime, he was married in 1937 to Miss Ermyle Hill, a native of Dalhart and daughter of the Dallam County judge.

In 1934, Clay remembers, he and his dad decided to go into grocery business for themselves. They had $50 each and a lot of determination. They borrowed some money from friends and relatives and bought the M System Grocery here. That store was located where Modern Cleaners presently is located.

The business prospered and in 1946 the Coopers built a building at 16th Street and 4th Avenue. They operated there for 20 years before moving to the new store in which Cooper's presently is housed.

Clay's father died in 1948 and Clay continued to operate the store as a partnership with his mother until her death in 1961. When his mother died, Clay bought her interest from the estate. He and Ermyle presently are sole owners.

Clay helped to found a Cooper's store in Hereford. That store now is owned and operated now by his brother, Neal. Clay is a partner with his brother, John, in a store in Tucumcari, NM.

Clay is one of the founders of Panhandle Associated Grocers. He has been a director of PAG, with the exception of two years, since it was founded. He was president of the organization several terms.

He explained that PAG is a buying association of grocers.

"It enables retail members to sell to the consumer at as low a price as any group of chain stores," Cooper explained. Clay presently is secretary of the PAG board of directors.

"During the past year Tri-State Baking Company has moved from Borger and built a modern Bakery on Washington Street near the PAG warehouse," Cooper relates. "This new plant (the ownership being similar to PAG) enables us to produce a loaf of bread with strict quality controls at the most economical price possible."

Both PAG and the bakery are located in Randall County and Canyon Independent School District.

Mrs. Cooper works in the store. She is a graduate of Dalhart High School and she attended West Texas State. She majored in elementary education and taught school in Hall County.

The Coopers have one son, Charles, who is operating Cooper farming interests in Nevada.

Ermyle and Clay both are active in civic affairs of the community. Both have served on Canyon School Board. Mrs. Cooper is a member of the Sue Hite Club, Alpha Delta Pi Sorority, American Association of University Women and the Business and Professional Women's Club.

Clay and Ermyle are proud of the fact that they have helped more than 100 young people to get a college education by providing part time employment.

Clay is a member of the Chamber of Commerce, a charter member of the Lions Club, a member of the Panhandle -Plains Historical Society, the Masonic Lodge, and Khiva Shrine.

Cooper Is Manager

Benny Cooper is manager of Cooper's Market in Canyon.

He has been in the grocery business all his adult life except time spent in school or in the country's armed forces.

Cooper, son of Mr. and Mrs. John Cooper of Tucumcari, was born at McLean. He finished high school there in 1950 and went to the University of Texas where he majored in retailing.

He was graduated from the university in 1954 and then was in the Air Force for 21/2 years during which time he rose to the rank of captain.

Benny came to Canyon in 1958 immediately upon leaving the service. He went to work in Cooper's Market and became manager of the store the following year.

Benny takes part in the community's civic affairs. He was almost a charter of the Canyon Kiwanis Club having joined the club only four months after it was founded.

He is a past president of the Kiwanis Club. He presently is a member of the Canyon Chamber of Commerce Board of Directors.

He was married to Miss Marjo Weaver of Tucumcari in 1954.

The Coopers have three children, all boys. The children are Gary, 9 years old; Randy, 5; and Kendall, 2.

Three CHS Exes Join ACC Clubs

Three 1965 graduates of Canyon High School have been named members of social clubs at Abilene Christian College at Abilene.

They are George Cox, son of Mr. and Mrs. Wesley Cox, 2508 5th; Lee Ann Kelley, daughter of Mr. and Mrs. Clayton, Kelly, 2505 11th; and David Pittard, son of Mr. and Mrs. Robert Pittard.

To obtain membership in a social club, a student must be classified as a sophomore, have attended ACC for one semester, and have a grade point average of 2.5.

Cox, a member of the Wildcat football team, has been named a member of Sub T-16 Social Club. In 1966 he was selected as favorite of the freshman class.

The overall appearance of Cooper's new store would do credit to a store in Amarillo, Houston or Canyon.

The building is steel frame with a steel roof and masonry walls.

Cooper is proud of the new store building. "We have the largest frozen food department in Canyon," he related.

"We handle upwards of 7,000 items," he went on. "This includes staple groceries, meats, fruits, vegetables, houseware, stationery and drugs."

The new store is equipped with five checkout stands. These are designed for the convenience of the customer as well as making it easier on check out personnel.

Cooper's new store features a delicatessen where customers may purchase prepared foods ready for the table.

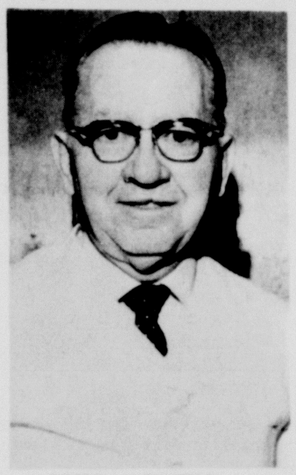

Cooper's is an economic factor in Canyon. The store presently employs 25 people.

AFB Escapees Lead Officers In Chase

Law enforcement officers from Randall County, Canyon and Amarillo were led on a chase through sections of the city last Thursday evening by two escapees from Amarillo Air Force Base.

Donald A. Whitham, 18, of Long Island, New York, and Gary W. Webb, 20, of London, Ky., both in a work detail from the stockade at the air base, had borrowed a friend's car and driven into Amarillo where they abandoned the car for another vehicle.

The pair then purchased $3 worth of gasoline from a service station on Interstate 40 and left without paying, according to police.

A Canyon Police Department unit followed them to 2nd. Ave. and 18th St. here in Canyon where they abandoned the vehicle they were using, and sped away on foot, officers reported.

Witham then went to the E.A. Brown residence at 509 20th St., called the air base, gave himself up and was taken into custody by Randall County Deputy Cliff Longest.

Webb took an automobile from Eddie Knowles car lot, drove back to the air base, abandoned it near the gate and surrendered, according to Police.

The pair is wanted by a United State's Marshall in connection with the transporting of a stolen vehicle across a state line, Sheriff L.S. "Slim" Johnston declared.

They are being held by air base authorities.

RP Aprilaire HUMIDIFIERS

...have the control capacity, convenience, that assure all the benefits of proper relative humidity

In every heated home, moisture must be added to overcome the damaging effects of winter-dryness. This extreme dryness can aggravate colds and other respiratory diseases, dry skin and hair; cause separated wood in furniture and trim, static electricity and other discomforts and damages.

Here's how to assure all the benefits of *proper* relative humidity in your home all winter long. Just set the dial in your living area . . . and let the Aprilaire Humidifier on your furnace take over. No water to carry. No pans to fill. Pin-point humidity control. Plenty of capacity. Built-in mineral disposal (no "white dust"). Trouble-free operation. And a Phenolic housing for a lifetime of freedom from rust and corrosion.

MODELS FOR ALL TYPES OF HEATING

Models 110 and 112 Aprilaire Humidifiers are normally mounted on the plenum of a forced air furnace. The Model 112 is adaptable for use with steam or hot water heat. It can be easily installed in basement or utility room and provides the same advantages of operation as the furnace-mounted installations.

Record Breaking Buffs Axe Lumberjacks 34-7

West Texas State shook fleet Gene Morris loose for three touchdowns Saturday afternoon in Flagstaff, Ariz., and stampeded Northern Arizona University 34-7.

The Buffaloes' Dynamic Duo Hank Washington and Dave Szymakowski continued their assault on national and school statistics.

Washington, who entered the game as the national leader in total offense, tied a 28-year old school record on his only scoring pass of the game, a three-yarder to Szymakowski. It was Washington's thirteenth touchdown pass of the year, tying the record set by all-time WT great Foster Watkins.

Szymakowski, in catching the same pass, moved beside Lother Stephenson with five scoring receptions. Stephenson set his mark also in 1938, when he was a premier target for Watkins. Szymakowski broke Roy Armentrout's season receiving yardage record of 541 by ending the game with 701 yards for the year.

It was the three-yard reception by Szymakowski that broke the scoring ice in Flagstaff Saturday. Reliable Tommy Fambrough kicked the extra point for a 7-0 Buffalo lead.

In the second stanza, "Mercury" Morris scooted six yards for the second Buff tally, and his first of three for the day. Before the final gun, Morris had collected 132 yards on 15 carries for an 8.8 yard average.

Morris repeated his six-yard touchdown in the third quarter, and Fambrough converted as he had after every Buff score this year to give West Texas a 21-0 lead.

The Lumberjacks gave the home fans something to cheer about when Jim Fuller broke loose on a punt return and streaked 90 yards for the only Axer touchdown. Bill Hanna's kick narrowed the gap to 21-7.

Morris then retaliated with his final touchdown, a one-yard bolt, and the Buffs led 27-7.

Fambrough's extra point attempt was given a long look by the referee, who in turn was given a long look by Fambrough. To Fambrough's amazement, the referee signalled the kick wide. The game films favor Fambrough, however, showing that the kick went clearly inside the upright in question. Nevertheless, the official's decision terminated a streak of thirty consecutive conversions by the Buff sophomore.

The West Texans added a final touch to the scoreboard on a one-yard sneak by Washington, and Fambrough started a new streak on his conversion.

Washington had another sharp passing day, hitting on 16 of 20 throws for 205 yards and a blazing accuracy mark of 80%.

Szymakowski hauled in nine of the throws in his sensational acrobatic style for 178 yards.

Fambrough booted some towering punts, as he recorded a booming 46.7 yard average on four kicks.

The Axers' Jim Velasquez proved that he is a passer of note, firing for 16 completions in 25 attempts.

Sim Stokes, NAU's nearest thing to Szymakowski, gathered in eight passes for 86 yards.

Defensive stalwarts for the Buffaloes were Jesse Powell, Earl Wood, and Steve Haterius. Powell was named the most valuable defensive player, while Haterius and Wood each performed pass interceptions.

Morris was named the most valuable offensive player, while Washington was selected as the overall outstanding player of the game.

West Texas State picked up 235 yards passing and 253 yards rushing for a whopping 488 yards of total offense. The Lumberjacks managed but 48 yards on the ground and 176 in the air for a 224-yard total.

County Employe Injured

Bill Attaway, who is employed by Randall County Precinct 4, was severely injured recently when he fell backward from a county truck.

Attaway was standing on the truck directing the loading of some equipment. He fell to the ground fracturing three ribs and his collar bone.

County Commissioner Bill Butler said Attaway is recuperating in Northwest Texas Hospital.

Eagles-Mules Clash Friday

Canyon's 2-6 Eagles, 0-3 in district play, meet a team with an identical league mark in the 2-5-1 Muleshoe Mules Friday night at 7:30 in Muleshoe.

The Mules stick almost completely to the "T" offense, but occasionally they shift into a winged "T" when they want to pass.

Mules to watch are quarterback Stovall, end Swint, and tackle Johnson.

The Eagles, seeking to overcome the injury and loss jinxes that have troubled them recently, have come up with some defensive changes to attempt to stop Muleshoe.

Jim McBroom and Jack Swatzell have switched to linebackers, Joe Moore has gone to the "monster-man" rover, and Sherman Smith is the new safety.

Canyon 'B' Wins Over Plainview

The Canyon 'B' team mounted an early scoring surge and then held on for dear life to take a 22-18 win over Plainview Thursday.

Canyon presented a well-balanced attack, with each score coming from a different player.

Bob Woods tallied the first touchdown on a five-yard run, and added his own extra point. Woods picked up 83 yards rushing while averaging 9.2 yards a carry.

Dennis Pearson scored next, with the points coming through the air via the arm of quarterback Mike LaGrone on a 40-yard pass and run play.

Teddy Walker scored the final Canyon points from 35 yards out on a cross trap play and Lon Conner ran for the extra points. Walker racked up 108 yards rushing, averaging an amazing 16.5 yards per try. Extra points were the difference, as each team scored three touchdowns.

It was mainly an offensive game, with Plainview leading in total yardage 357-302.

Canyon showed just enough defense, especially on the extra point plays by Plainview, to pull out the win.

LaGrone led the Eagle tacklers with eight solo stops, plus four assists. Teddy Walker also had 12 combined stops, while Lon Conner had 13 total tackles.

"Our pass blocking improved 200%," beamed Coach Wayne Turley. The best of the blockers were Woods, guards Don Edmondson and Fred Jenkins, tackle Mike Bull, center Bruce Shell, and Conner. The improved pass blocking enabled LaGrone to connect on five of 14 passes for 65 yards and the touchdown to Pearson.

"We have had to make several changes in our lineup, due to the people we've lost to the varsity due to their injuries, but yet I still feel that we have a complete ball club. There's no single star, but we've got a real team," commented Turley.

Now 4-2-1, the 'B' team faces Muleshoe there tonight at 7 p.m. in their final game of the year.

All-Americans In 42-6 Win

Quarterback Ed Lair led the Canyon All-Americans to a 42-6-victory over the Canyon All-Stars in the final game of the season for each team.

Lair scored a trio of touchdowns on runs of 15, 10, and 12 yards. He was supported by scoring runs of 25 yards by Mark Byars and 40 yards by Kevin Robins.

Lair also scored four conversions, to end the night at CHS Field with 26 points.

Garre LaGrone scored the All-Stars' only touchdown on a 50-yard dash down the sidelines. His run made the score 8-6 at that stage of the game.

The All-Americans then roared away to a big lead, but the All-Stars defense rallied to check them in the second half, as Doug Day, Terry and Jerry Stewart, Kelly Forehand, Wes Allen, and LaGrone turned in good defensive performances.

The All-Americans featured a steady defense throughout the night, with the highlight coming on a pass interception by Kevin Robins.

Frost Leads 'Poke Win Over Nazareth

The Happy Cowboys got back on the winning trail by lassoing Nazareth 33-0 Friday night.

Zeke Frost scored two touchdowns to lead the Cowboys, and ninth-grader Jesse Ramos added punch to the backfield as well as the defense.

Frost got Happy out in front with a two-yard run, and came back moments later to score on a 20 yard return of an intercepted pass.

Safety repeated the interception trick by going 20 yards on a theft of his own.

Randy Johnson punched a score over on a one-yard sneak and Ramos contributed a 29-yard run to close the scoring.

Johnson kicked extra points after the first three scores.

The head Cowboy on defense was Ramos, who was in on 13 tackles from his defensive end spot. Terry Wright followed with nine stops, and Lloyd Rahlfs, Neil McCarley, and Joe Bill Dempsey also "did a good job on defense for us," reported Coach Ricky Mantooth.

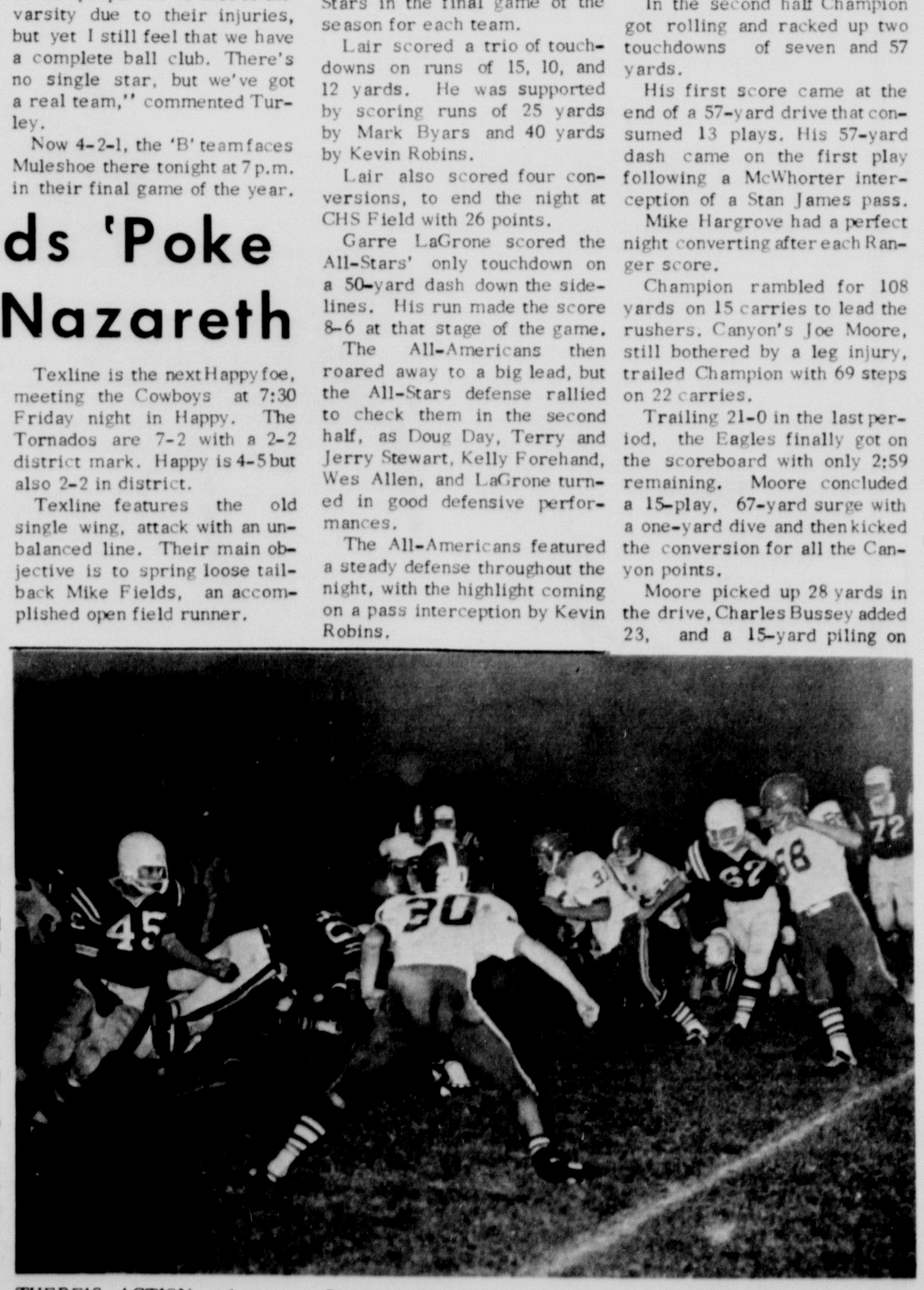

In addition to the two scoring interceptions by Frost and Vernon, Frost picked off another, which he returned 35 yards.

Happy rolled up 177 yards rushing and 23 yards passing for a total yardage of 200, compared to 82 and 10 for 92 for Nazareth. The Cowboys led in first downs 12-7.

Mantooth hopes for a return to health by starters Richard Todd, Bob Robinson, Curtis Fowler, and Jackie Schiller before this weekend.

Texline is the next Happy foe, meeting the Cowboys at 7:30 Friday night in Happy. The Tornados are 7-2 with a 2-2 district mark. Happy is 4-5 but also 2-2 in district.

Texline features the old single wing, attack with an unbalanced line. Their main objective is to spring loose tailback Mike Fields, an accomplished open field runner.

THERE'S ACTION aplenty as Canyon's Joe Moore (30) drives for yardage against the Perryton Rangers. Poised for blocks are Phil Swatzell (45) and Jim McBroom (62). Coming in to help the unidentified Ranger tackler are Ben Rupprecht (20), Vernon Pshigoda (31), Daniel Helker (68), and Rodger Helker (67). Moore was the Eagles' leading rusher with 67 yards.

Eagles Take Cellar Position In 1-AAA

A big fullback named John Champion led the Perryton Rangers to a 21-7 win over the Canyon Eagles in a game of District 1-AAA cellar-dwellers.

The Eagles, plagued by a lack of depth that has been made worse by a rash of recent injuries, were no match for the Rangers, who had Canyon bottled up in their own end of the field almost all night.

Quarterback Al Rupprecht got the Rangers out in front early in the second quarter on a one-yard plunge. The score capped a 17-yard, five-play drive that featured a critical 15-yard pass from Rupprecht to Jim Gobin.

Safety Dick McWhorter set up the score on a 34-yard return of a Joe Moore punt.

In the second half Champion got rolling and racked up two touchdowns of seven and 57 yards.

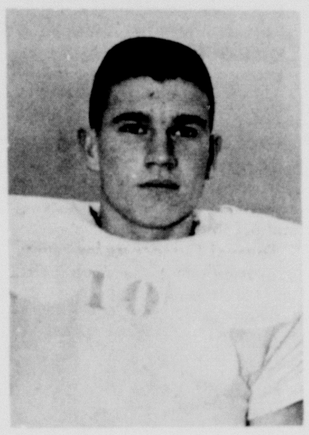

His first score came at the end of a 57-yard drive that consumed 13 plays. His 57-yard dash came on the first play following a McWhorter interception of a Stan James pass.

Mike Hargrove had a perfect night converting after each Ranger score.

Champion rambled for 108 yards on 15 carries to lead the rushers. Canyon's Joe Moore, still bothered by a leg injury, trailed Champion with 69 steps on 22 carries.

Trailing 21-0 in the last period, the Eagles finally got on the scoreboard with only 2:59 remaining. Moore concluded a 15-play, 67-yard surge with a one-yard dive and then kicked the conversion for all the Canyon points.

Moore picked up 28 yards in the drive, Charles Bussey added 23, and a 15-yard piling on infraction against the Rangers contributed to the Eagle cause.

STAN JAMES

Quarterback Stan James was named Most Valuable Player.

James, in his second starting assignment, carried only once in the scoring march, but kept Eagle hopes alive by driving for three yards on a fourth down play to clear for a first down by scant inches immediately prior to Moore's touchdown. Canyon threatened again on the following kickoff when James fell on the loose ball for an onside recovery, but the Eagles stalled 29 yards short of another score when Ben Rupprecht, Al's brother intercepted a James pass.

James, spelled occasionally by hobbled regular Sherman Smith, had difficulty lining up his passes as he threw four times for two interceptions and no completions. Smith hooked up with Moore for a one yard pickup, his only success in three attempts.

McWhorter was a thorn in Canyon's side all night with a pass interception and his lengthy kick runbacks.

Howard Gidden showed some standout defensive plays. Joe Moore delayed a Ranger score when he got into a wrestling match with Perryton's Jerry Overby. Overby had the ball in his arms at the one with only Moore in his way and was straining desparately to lean over the goal line, but Moore was straining just as hard the other way, and finally yanked the Ranger flat on his back.

Team-wise, Perryton ran for 217 yards and passed for 39 yards to compile a total offense of 256 yards. Canyon had 160 rushing and one passing for a 161 total.

The Rangers are 1-2 in district play and 3-5 for the year, while the Eagles are 2-6 with an 0-3 district mark.

7th Grade Eagles End Season With 4-0 Record

Canyon's 7th Grade Eagles swooped down on Plainview Thursday and flew away with a 32-12 triumph over the Estacado Blue Pups. In so doing Canyon put the final touches on a perfect 4-0 season.

Ricky Edmondson, who paced the winners with 16 points, turned right end and sprinted 25 yards for the first touchdown. Fullback Cliff Prichard rammed for the extra points.

Canyon's defensive team scored the next touchdown. On the kickoff following Edmondson's TD, Tommy McWilliams booted the ball well into the end zone, and just as the Estacado back picked up the ball, Edmondson jarred him with a fumble-causing tackle. Big Van James pounced on the loose pigskin for the touchdown, and Edmondson added the extra points.

Plainview then scored on a 12-yard pass play, to narrow the gap to 16-6.

The Eagles soon found themselves on their own 10 yard line after the next kickoff, and Edmondson got the call on another sweep of right end. This time he rocketed 90 yards for his second touchdown. Quarterback Mike Shadix sneaked for the extra points.

Plainview pulled to within 24-12 on a five-yard scoring run.

Clifford Prichard scored the final touchdown of the game when he bulled his way off tackle from eight yards out. Edmondson capped a brilliant night by smashing for the extra points.

Coach Swayne McCauley had high praise for many of his proud players: "Edmondson was our outstanding back with his scoring--and he's been a breakaway threat all year. A fine competitor, he also spearheads our defense at middle linebacker.

"Mike Shadix did his usual masterful job at quarterback, and the Prichards--Clifford and Larry--played their usual fine game at fullback. They've fought it out there all year for the first string.

"McWilliams has been marvelous in his kicking, and he's always consistent.

"Frank Garrett made a key defensive play in blocking a Plainview punt, and Van James, Rick Hartline, and Tom Wilson also did a fine job for us," commented McCauley.

The 7th Grade won every game this year, and all were comfortable margins except a great come-from-behind effort that edged Tulia 8-6.

An undefeated season is a high point in any coach's life, but for McCauley it is his second straight such season. Assisting him in the 4-0 campaign was Wayne Phemister. Last year McCauley and Cagle Davis coached the 7th Grade to a 5-0-1 mark.

It is interesting to note that last year's team was the first to enter CJHS from the Kids Incorporated grid wars, and the results were a 5-0-1 season. Immediately preceding that year, the 7th Grade team had lost every game. The CJHS record of teams that have Kids Inc. exes now stands at 12-1-1.

When most boys are just starting to play football at the 7th Grade level, Canyon has a five-year veteran in Mike Shadix and a four-year man in John Hoover. Numerous others on the team were in their third year of football.

For the final analysis, fans will just have to wait until McCauley's past two teams get together in high school. How they will turn out, no one knows, but one thing is certain--his young players couldn't have made a better start.

Longhorns Become Toy Bowl Champs

The Canyon Longhorns became Toy Bowl champions of 1966 by stampeding past once-beaten Amarillo Oakdale 14-0 in Amarillo's Benton Park Saturday.

Canyon quarterback Bill Moore reeled off two quick scores in the first quarter on long runs before the defense took over to preserve the win.

On the game's third play, Moore fled 66 yards for a touchdown, then added a 31-yarder moments later.

The game's leading rusher, Moore had total gains of 192 yards. He surpassed the 100 mark on the third carry, and had another touchdown erased on a clipping penalty.

Roger Burton fought his way into the end zone for the winners' only conversion.

After the early scoring spree, the game became a defensive battle. The Longhorns allowed Oakdale only two first downs all afternoon.

The defensive heroes for Canyon were many. Sammy Kerbel led the game in tackles. Ricky Phemister hurled himself into the Oakdale backfield to block a punt, and fumble recoveries were made by Scott Keeling, Gary Byars, and Dennis Collier.

Kerbel, Burton, and Moore blanketed the Amarillo receivers and did not allow a single pass completion while the entire team gave outstanding support. The rushing of linemen Bob Counseller, Greg Lambert, Don Bettencourt, Kent Zevely, Phemister, and linebackers Kerbel and Keeling was particularly effective.

Roger Burton was named the recipient of the Longhorns' weekly Sportsmanship Award, while Scott Keeling copped the weekly Guts Award.

"This was really a good team that we faced in Oakdale, as they had lost only to an unbeaten team," said Coach Jon Low, "but we were so fired up that all our guys did a great job, and we got to substitute more than ever before. Everyone did so well that I couldn't tell when the first team was in or out."

A great deal of credit for the Longhorns success belongs to assistant coaches Mike Shadix and Robbie Carter, who got a double load of football this year as they also played on the unbeaten 7th Grade team.

The Toy Bowl teams are picked on a sportsmanship score by each team's opponents. The Longhorns placed second in their league in this category, as both the winner and the runner-up receive Bowl trips. Canyon was also runner-up in the league standings, missing the championship by only one game. This was the best double-ranking by any team in the league.

8th, 9th Win, Lose

Canyon's 8th Grade gridders closed their 1966 season with a 20-0 drubbing of Plainview Estacado last Thursday.

The team thus avenged their only loss of the year, as Estacado took the first meeting 6-0. Canyon has posted a fine 3-1 mark this year.

These players now have a 8-1-1 record in their junior high careers. Significantly, it has been Estacado that caused both blemishes, as they tied Canyon in its otherwise all-winning season last year as seventh graders.

David Carter opened the score on a 30-yard jaunt, and Frank Belcher drove for the extra points.

Belcher, a punishing runner, stormed for the final touchdown on a nine-yard charge.

Not only did the Eagles prohibit Plainview from scoring, but they did not even allow a single first down in the entire game.

Guards David Smith and Kelly Tinsley, cornerback Andre Lynn, and defensive end Belcher won defensive laurels from Coach Gene Andrews for their good work.

Smith and Tinsley also drew praise for their excellent blocking on offense.

.....

Hereford Stanton thumped Canyon's 9th Grade 22-12 Thursday.

Although Canyon lost the game, they did outscore Stanton in the second half, when the Eagles tallied all their points.

David Erwin made the Eagles' first touchdown when he sped into the end zone with a 40-yard pass from quarterback Gary Moore.

Gary Gilbert scored the other touchdown on a three-yard run that was set up by a 20-yard pass from Moore to Gary Hester.

Reliable Andy Hansen and Gary Schrib were recognized by Coach Wayne Phemister for their defensive efforts, and linemen Calvin Yarborough, Ronnie Pope, and Larry Robinson drew approval for their offensive blocking.

The 9th Grade carries a 1-5-1 record into its final game of the year in Plainview against Estacado Junior High at 5 p.m. today.

Search. . .

(Continued from Page 1)

was received in the Randall County Sheriff's office by Deputy Curt Samples that same day.

Miss Hext's car had apparently been parked in the Palo Duro Canyon State park since sometime Wednesday and was noticed by Park Rangers early Thursday. However, a great number of people visiting the park have car trouble, leave by some other means to return later and make repairs to their automobiles. It was Sunday afternoon before park personnel decided the car had been abandoned completely, made the investigation and discovered the girl's belongings which included a purse containing a receipt dated Nov.1 for the purchase of an Ivy-Johnson .38 pistol.

The Sheriff's Department was immediately notified by Jerry Mullican, Park Superintendent, and a search was carried on Sunday evening by the park staff and sheriff's deputies until darkness halted the operation.

Sheriff L.S. "Slim" Johnston talked with the girl's father in Lubbock and was told of a previous attempt at suicide and that his daughter had confided to a girl friend that she would hide someplace and kill herself so that her family would not have to pay for a funeral.

In the previous attempt on her life, Linda Hext had slashed her wrists and taken sleeping pills. She was living in Delaware at the time where she was employed by the DuPont Experimental Research Laboratory. She was returned to Lubbock by her parents and placed under the care of a psychiatrist.

The rusty green 1954 Chevy that the girl had driven to the park contained a Phillips road map of Texas, what appeared to be an old bedspread, her purse, the box of shells with one empty and six missing and the souvenier map of Palo Duro Park that is given to tourists as they pass through the park entrance. When the car was started by officers, the windshield wipers were running and it was theorized that she had come into the park after dew had fallen or early enough for frost to settle on the windows.

In her purse were several identification cards, student activity tickets and a ticket to the Texas Tech football game Nov. 5 which had not been used. Pictures on the activity tickets and a DuPont identification card showed her to be about 5'5" tall, weighing 98 pounds and with reddish brown hair. At the time she entered the park she was wearing a brown plaid shift, flat shoes and a green couduroy car coat.

When Mr. Hext arrived from Lubbock with his family minister, the Rev. Max Bunting of Bethany Christian Church, the search was already underway.

Members of the Sheriff's posse had gathered at the county courthouse about 8 a.m. and driven to the canyon to unload their horses. As members of a "working" sheriff's posse, they are on call for emergencies such as this.

As Deputy Ray Tinsley put it, "These are nice guys... they'll sure help you. They'll quit their jobs and come help you."

Instructions were given to members of the search party which included men and equipment from the Randall Sheriff's office, the Posse Palo Duro Park Rangers, Texas Ranger, Canyon Fire Department Emergency crew, LaGrone Ambulance Service, Amarillo Ambulance Service and friends of the Hext family from Lubbock.

Shortly after the girl's body was located, Deputy Al Smithers, who was climbing to the scene, suffered a slight heart attack. Members of the search party administered first aid and oxygen until a rescue helicopter could be brought in. The rocky area where Smithers collapsed prevented landing of the craft and Smithers was carried and lowered to the canyou floor on a back board. He was placed in an ambulance and rushed to Neblett Memorial Hospital where he is now in satisfactory condition.

The helicopter also was to have been used to pick up the body of the Hext girl, but rocky conditions prevented landing. The body was retrieved by officers who approached the area through the Beedy Ranch.

Recovery operations were directed by Texas Ranger Butch Albers and the body was taken to Beedy Ranch Headquarters and then to LaGrone Funeral Chapel in Canyon.

Identification of the girl was made by the Rev. Bunting. Arrangements will be handled by Sanders funeral home in Lubbock.

met. At the commission meeting with Chambers was Stan Renaud, Denver Contractor.

The development is about 2 miles southeast of Palo Duro Turkey Farm on Lake Stockton Road, at the north edge of Palo Duro Canyon. Developers say the project will have some 1,400 homes upon completion within the next three to five years. This would be a settlement of some 4,500 people, covering about 900 acres.

Renaud foresees the building of a retail business section as well as a school. The development is in Canyon independent school district.

John Dorsey, surveyor, said owners of the project include Arthur Truitt, Dr. Howard Puckett, R. Earl O'Keefe and Wayne O'Keefe.

At the insistence of Commissioner Jones, a statement by Chambers was dictated into the minutes of the court. The statement amounted to a promise by Chambers that all county specifications would be met.

Clifford Burtz, Amarillo insuranceman, was authorized to change insurance on county employes from Aetna to Travelers. Burtz advised the court that if the policies stay with Aetna, the county would be paying more premium for less coverage than previously.

He said Travelers will afford about the same coverage but at an increase of about 39 cents per month per policy. The policies include lost time coverage, accidental death benefits and medical payments.

Commissioners voted to transfer $50,000 from the county's escrow account to the general fund.

Robert M. Skinner was appointed election judge for Precinct 11 at Southlawn School. Mrs. Elena Sims had been appointed but will be unable to serve.

The court voted to cooperate with ASCS in bindweed control to the extent that right of way on county roads be sprayed if adjacent land owners will also spray.

Should the telephone marriage materialize, Canyon would not, Dillard added, have direct distance dialing.

He said the two exchanges here (Umbarger and Cleta) must negotiate with his company to receive the service.

The district manager said a telephone company office would be maintained here should the consolidation occur. He said he would be present for the Nov. 21 meeting.

Mayor Paul Lindsey said he did not know if the commission would reach a decision following the public hearing and concluded "we will have to see what information is brought out at the hearing---we may want to study the matter further before making a decision."

A six-months budget report as of Sept. 30, presented by City Manager Gary Gwyn, indicates expenditures to be $338.43 over that alloted. Largest gains were in Sanitation, Water and Distribution departments.

Gwyn said part of the increase was for a newly constructed water tower and garbage collection device and boxes.

More than $466,000 has been estimated for 1966-67 collections and $192,337 has been received for the six-month period. A balance of $274,159.79 remains to be collected.

Gwyn said letters concerning delinquent advalorem taxes prepared by City Attorney A.W. Lair had increased collections sharply over those received by this period last year.

Commissioners also agreed that Gwyn should meet with the Canyon Real Estate Association and developers concerning 18 pages of proposed subdivision regulations for the city. The regulations were compiled by Marvin Springer, urban planning consultant of Dallas and changes have been made by the City Planning Commission.

City Dads also expressed a desire to participate with the Amarillo City Commission in 1967 Texas Legislative briefings.

The briefings, prepared by Amarillo City Attorney C.J. Taylor, will be presented every other Thursday to keep the local commissions informed concerning Austin legislation pertaining to this area.

Gwyn also read a letter from Walter W. McAllister, president of the Texas Municipal League and mayor of San Antonio, requesting the city dads here to help defeat Amendment No. 1 that was presented to Texas voters Tuesday.

The commission also passed an ordinance establishing a 20 cent per cubic yard per month garbage collection rate for city businesses. Gwyn said the move was not to raise but equalize collection rates.

Also considered was an ordinance prohibiting buildings on "skids" and front yard fences as high as back yard fences.

The commission will not act on the matter until Lair completes the ordinance.

Commissioners also agreed to raise Gwyn's salary base to $750 per month.

It is customary, said Lindsey, to raise the manager's salary after six months of service and Gwyn has been with the city almost nine months.

Must Sell 8,000 Tickets

"We need to sell 8,000 tickets to the Western Michigan game here Nov. 19 in order to meet our budget," Frank Kimbrough, athletic director for West Texas State University.

Western Michigan will be one of the top games of the WT season. It will be an afternoon game.

"They have a good team," Kimbrough declared. "They've beaten the majority of Mid-American teams."

The game will begin at 2 o'clock in the afternoon.

The county vote was 5,780 for Price and 3,509 for Miller.

upon the college officers."

School officials were mum on how the case now will be handled.

"This whole case is now with the attorney general's office," said Dr. James P. Cornette, W.T. president. "We will take only whatever action the attorney general advises us to take."

If the case is appealed, it could be a year or more before it is reviewed by the high court, according to Hazlewood.

Aldridge has 15 days to make a motion for a rehearing before the court of appeals. If the rehearing is not allowed, then he has 30 additional days in which to file an application for review by the Supreme Court.

If a Supreme Court hearing is granted, it probably will be held some time after Supreme Court justices return from vacation next summer.

Here is some background on the case:

Aldridge is alleged to have been involved in several escapades beginning on the young man's birthday, Jan. 7, 1966. Speeding on the campus was a major complaint.

On Jan. 31, Dr. T. Paige Carruth, dean of student life at WT, notified Aldridge that he was being expelled.

West Texas State was represented at the court of appeals hearing Oct. 4 by Senator Grady Hazlewood and Pat Bailey, from the attorney general's office.

Aldridge is now in school as a senior.

Dean Carruth recently said that Aldridge has been a "very good citizen" this year.

Pathfinders Have Social

A family social for members of the Pathfinders Sunday School Class of the First Methodist Church was held Saturday evening in Fellowship Hall of the church.

Approximately 60 attended the Thanksgiving buffet and were entertained with games during the evening.

Buffs-Rams Will Clash Saturday

The West Texas State Buffaloes invade Fort Collins, Colo., this Saturday to clash with the battering Colorado State Rams.

The high point of the Rams' season has been a tremendous 41-21 upset of the Air Force Academy, and they have since flattened powerful Wyoming 12-10 and New Mexico 45-6.

A key figure in the Colorado State attack is junior halfback Oscar Reed, who set a school rushing record as a sophomore with 725 yards. This year Reed already has 562 yards.

The top Buffalo rusher is Albie (Double-O) Owens, who has thundered for 471 yards.

Other runners in the well-balanced CSU backfield are Jon Henderson, averaging 7.5 yards a carry, and Jim Oliver, a slashing fullback who invariably gets first downs in short yardage situations.

The other WT running threats are Eugene Morris, with 406 yards rushing, and versatile Ronnie Mankin, with 222 yards rushing, 164 yards receiving, and 234 yards on kickoff returns.

Bob Wolfe, regarded as one of the best field generals in the Rockies, is not a flashy quarterback, but is an excellent play selector and moves the Rams well. He has completed 45 of 115 passes (39%) for 560 yards this season.

On the contrary, the Buffs' Hank Washington is indeed flashy. The Los Angeles senior has completed 129 of 229 passes (56%) for 1713 yards and leads the nation in total offense with 1747 yards.

Split end David Szymakowski has caught 47 Washington passes for 701 yards and five touchdowns.

Both the Buffs and the Rams have brutal defenses.

West Texas State won last year's battle in Canyon with a thrilling come-from-behind effort to overcome CSU 15-12 in the final period.

It all shapes up as a "Battle of the Backfields" in frosty Fort Collins Saturday afternoon.

HOMEMADE FOODS including breads, pies, cakes, popcorn balls, and cookies will be among the items to be sold in the "country store" at the annual German Sausage Festival on Sunday. Directing activities will be Mrs. Max Hoffman, chairman, left, and members of her committee Mrs. Albert Fischbacker and Mrs. Ted Irlbeck, right.

Umbarger Women Contribute To Festival Success

BY LORENA MILLER

Baking is going on community wide this week at Umbarger as all wives and mothers make preparations for the upcoming German Sausage Festival.

The fifteenth annual festival will be held on Sunday, Nov. 13, at St. Mary's Parish Hall. Plans for the festival are in full swing this week with women baking bread, pies, cakes, and other goodies for the "Country Store" and for the community wide dinner.

Mrs. Max Hoffman, chairman of the country store division of the festival, says that "we specialize in homemade goodies ....which can be frozen or eaten fresh."

Last year the country store's fare included some 500 loaves of homemade bread and it is expected that an equal or larger number will be available for sale come Sunday.

"I'll bake about 30-35 loaves of the bread myself," said Mrs. Hoffman. "We all have to make about 10 loaves each for the dinner...and then we just bake a couple of dozen extra loaves for the store."

The first sausage festival was held in 1952 at the dedication of the parish hall according to Mrs. Hoffman. Even though community festivals featuring fried chicken, barbecue and other foods had been used for several years before.

"Our first sausage festival was such a success that we decided to make it an annual event and it has grown now until we have folks come from all over the Panhandle," said Mrs. Hoffman, who served as chairman for the first real festival back in 1952.

"We really don't know what all we will have at the festival until we start setting it up," Mrs. Hoffman said explaining that each family of the community will contribute various items to the event. "They all just bake or bring whatever they have the best luck with ....that way we get a real good assortment."

Along with the loaves of bread, cakes, pies and other desserts, the Country Store will also feature homemade jams and jellies, canned fruits and assorted produce such as homemade butter, eggs and fall vegetables from the garden.

Assisting Mrs. Hoffman during her fourth year as Country Store chairman are Mrs. Ted Irlbeck, Mrs. Ben Buecker, Mrs. Albert Fischbacker, Mrs. John Brandt and Mrs. Frank Grabber.

Mrs. Hoffman stated that she makes about a dozen loaves of bread at a batch, which calls for about 19 pounds of flour. With excess dough, the women make various sweet breads and rolls. All of the homebaked items are priced moderately and the loaves of bread will range from some 25-60 cents per loaf according to Mrs. Hoffman.

Another phase of the women's handiwork will show up in the Festival Bazaar which is being managed this year by Mrs. Vincent Meyer and her helpers, Mrs. Charles Beckman, Mrs. W.P. Jansen and Mrs. John Battenhorst.

The bazaar will have a wide variety of novel holiday gift ideas according to Mrs. Meyer. Prices will be nominal, ranging up to about $3.

Among the selection of gifts will be patchwork throw pillows, assorted stuffed toys, about 100 aprons, numerous handmade baby quilts, pillowcases, dish towels, pot holders, crocheted doilies, embroidered scarves, hand painted pictures and many others.

"We really start making gifts about in September.... everyone uses her own ideas and thus we have a good assortment," said Mrs. Meyer.

"Some of the older women start earlier in the year to make their bazaar gifts and sort of use this as a hobby," said Mrs. Meyer.

Every family contributes at least two items to the bazaar, some give a lot more," Mrs. Meyer stated.

Both the bazaar and country store will open when the serving lines do at 11 a.m. and will remain open until sold out of items according to the chairmen.

Sauerkraut for the dinner was prepared by the women in late September and the sausage will be prepared late this week by Raymond Battenhorst and his sausage committee.

Approximately 3,000 persons are expected to participate in festival activities on Sunday.

MAKING POTHOLDERS for the "bazaar" Sunday is Mrs. Sabina Stocker, 77. Mrs. Stocker, grandmother of 52 and great-grandmother 35 times, will probably make about two dozen of the gifts before bazaar time on Sunday.

NOVEL HOLIDAY gift ideas will be featured at the "bazaar" of the German Sausage Festival in Umbarger on Sunday. Mrs. Vincent Meyer, chairman, is shown here inspecting a net swan which is nestled atop a patchwork pillow. These will be a few of many gifts to be sold at the bazaar according to Mrs. Meyer.

Mrs. Conway Kuykendall shares a trio of family favorites for Stuffed Green Peppers, Hamburger Casserole and Sweet French Dressing with our readers this week.

Mrs. Kuykendall, the former Johannah Miller of Happy, has lived in Canyon for about five years although she has spent a major portion of her life in the immediate area. She graduated from Happy High School and completed two years at West Texas State University before marrying her husband, Conway, in 1936.

Her father, William F. Miller is a resident of Hill Haven Rest Home in Amarillo. Mrs. Kuykendall has five brothers including W. E. Miller of Canyon, Gene Miller of Amarillo, Robert Miller of Lubbock, Dr. C. F. Miller of Waco, and W. J. Miller of Perryton. Her three sisters are Mrs. Cone Johnson of Happy, Mrs. C. C. Bates of San Diego, Calif., and Mrs. Albert McCutchan of Eufaula, Okla.

HOMEMAKER OF THE WEEK, Mrs. Conway Kuykendall is shown with a cannister display in her kitchen at 401 Thompson Lane as she shares recipes for Stuffed Green Peppers, Hamburger Casserole, and Sweet French Dressing with our readers this week.

The Kuykendalls have lived in Canyon and Randall County for a number of years. He was formerly with grain elevators of the area for about 20 years and is currently tax assessor for the Canyon Independent School District.

A native of Royse City, near Dallas, Mr. Kuykendall graduated from Slaton High School and attended business college in Tyler.

The family holds membership in the First Presbyterian Church of Happy where he is superintendent of the Sunday School and she formerly taught with the primary Sunday School department. Mrs. Kuykendall was pianist for the church for about 20 years.

One of her favorite hobbies is still playing the piano. Among other favorite hobbies are reading and sewing and the entire family participates in a coin collection according to Mrs. Kuykendall.

The Kuykendalls have two sons and a daughter. The oldest son, Dr. Ken Kuykendall, lives in Dallas where he is in his eighth year in the medical field. He is studying to become a surgeon.

A graduate of Canyon High School, Ken also received a degree at West Texas State University. He is married to the former Virginia McGee of Skellytown and the couple has two daughters, Kathy and Julie, who recently spent a week visiting their grandparents.

The Kuykendall's daughter, Kay, is a sophomore at WTSU. She was valedictorian of her graduating class at Canyon High School and is currently a member of Zeta Tau Alpha sorority at WT. In high school, Miss Kuykendall was a member of the National Honor Society, won the English and Math awards as a senior and was honored by the Daughter's of the American Revolution for Citizenship.

Son, Chris, 17 is a senior at Canyon High School where he is a member of the National Honor Society and is a semi-finalist in the National Merit Scholarship contest. For two years, he represented Randall County in the regional Spelling Bee.

Mrs. Kuykendall's favorite recipes follow:

STUFFED GREEN PEPPERS
5 medium size green peppers
1 lb. lean ground beef
1 tsp. salt
1 med. onion, chopped fine
1/2 cup catsup
3 Tbsp. sugar
1 Tbsp. salad oil or shortening

Wash peppers and cut off tops at rim. Remove seed and pulp. Parboil peppers for about 5 minutes in a pan using one cup of water. Cover pan with lid.

Place parboiled peppers in custard cups with 2 Tbsp. water in the bottom of each cup.

Heat oil in skillet and all other ingredients that have been mixed together. Fry until browned, stirring often so that meat mixture will remain separated and not form lumps.

Stuff peppers with meat and bake in a moderate oven until peppers are tender and browned lightly on top.

HAMBURGER CASSEROLE
2 Tbsp. cooking oil
1 lb. hamburger meat
1/2 cup chopped onion
1 tsp. salt
1/4 tsp. pepper
2 Tbsp. flour
1 can cream of chicken soup
1 cup sour cream (or half and half cream)
1 can water chestnuts, chopped

Heat oil in skillet. Add hamburger meat and brown well until they have a transparent appearance.

Add salt, pepper and flour and mix well. Continue stirring. Add chicken soup, cream and water chestnuts. Cook until all are well heated and thickened.

Place in casserole dish and dot with butter. Serve while hot.

SWEET FRENCH DRESSING
2 Tbsp. vinegar
1 tsp. worcestershire sauce
1/3 cup catsup
1/2 cup sugar
1 tsp. salt
1 med. onion
1 cup salad oil

Place in electric blender and mix at medium speed until well blended and thick. Refrigerate.

THIS SUMMER 56 blocks of city streets were treated with a coat of asphalt and finely crushed stone. This preventitive maintenance procedure, known as seal coating, should assure good street condition for several years.

THE CITY OFFICES, located at 1600 4th Avenue, on the east side of the square, are open from 8:00 a.m. to 5:00 p.m. Calls regarding municipal services during those hours should be placed to OL5-2593. Calls after hours should be placed to the City Manager at OL5-3566.

IN FEBRUARY the city purchased this new diesel powered 1,000 gallon per minute pumper truck which Capt. Joe Rice (left) and Jack Jennings proudly display. This new truck coupled with our other equipment and the men who man the organization give Canyon one of the finest volunteer departments in the state.

THE NEW UMBARGER fire truck shown above is an example of the spirit of intergovernmental cooperation prevalent in our area. Randall County purchased the cab and chassis, radio equipment and miscellaneous items which were then assembled, painted and put into operation by the Canyon and Umbarger Volunteer Firemen working jointly in the Canyon Fire Department Shop.

E. A. COLLIE, City Building Inspector, performing an electrical inspection in order to assure adherence to safe standards in the construction of a new home.

THIS IS PROGRESS? Sometimes even the most beautiful trees have to come down to make way for city improvements. These trees were removed to provide space for widening 5th Avenue between 14th and 15th.

THE CANYON FIRE DEPARTMENT has a cortinuous training program underway to maintain a high level of competency. Above, Joe Rice ignites a junk car, to demonstrate proper techniques in handling automotive fires.

THIS NEW FRONT end loader packer truck was acquired in August. The job of emptying trash containers which previously took 7 1/2 to 8 hours per day has been reduced to 2 1/2 to 3 hours per day

WT Grad Building Image For Taiwan

BY TROY MARTIN

Peter Ma came back to Canyon last week on a sentimental journey to visit his alma mater.

Peter is now an official of Taiwan, Free China. He was graduated from West Texas State University, in the spring of 1961. He has a masters degree.

He now is traveling about the world stirring up business for his country.

Peter says the economic picture is now changing in his homeland.

"Taiwan is a small island only about one sixth the size of Texas," he declared. "We had a population of 12.5 million people as of 1965."

Peter says industry is growing in his country. He pointed out that only about a third of the island's land is available for agriculture.

"We not only feed our people but we have agricultural products to export," he declared proudly. He said that only five years ago farm products made up 80 percent of Taiwanian export but now represent only 80 percent.

He said Taiwan manufacturing began with small items but has grown to include such goods as farm machinery. He said Taiwan now wants heavy industry and hopes to open a steel mill in the not too distant future.

Taiwan is encouraging foreign industry, said the visitor. A tax holiday of five years is being allowed to foreign investment in industry. "We want to entice foreign investment," Ma declared.

He said Asiatic people pay more attention to the standard of living than they do to politics. "We enjoy the second highest standard of living in Asia," he said. The highest standard of living in Asia can be found in Japan.

He said Taiwan does not expect to enter Red China by military force but will hold up its standard of living as an example to the poorly fed and poorly clothed masses of Mainland China.

Ma said the US and Japan are Taiwan's closest trade partners.

He proudly told a group of journalism students at WT that foreign aid from the US to Taiwan was terminated in June of 1966. "It didn't hurt the economy," he asserted.

Ma said Taiwan is constantly improving agricultural products.

"We have even reformed the orange," he declared. "Our orange has been developed to have a sweeter taste and a thinner skin."

Ma said his job is to create a better image for Taiwan goods. He works for the department of commerce of the Taiwanian government.

He also spoke of education in his country. "The first six years are free," he related. Elementary schooling is mandatory. Some 95 percent of the children of Taiwan attend elementary school.

"We are trying to extend mandatory schooling to nine grades," he reported.

"Competition is stiff to get into high school," he went on. There are competitive examinations and only one of some 20 get to go.

Getting into college is even tougher. Only one in 50 make the grade.

The government encourages young people to go to vocational school. Vocationally trained young people help industry.

Ma said large companies often support vocational schools.

He said about 70 percent of industry was owned by the government five years ago. Now the figures are reversed with the government owning only about 30 percent and private enterprise about 70 percent.

He does not expect industry ever to be fully owned by private enterprise, however.

Peter wants to return to school at WT if he can get a few months off. "Everything is changing," he said. "If you don't keep up, you're out of date. School is a short cut. Experience takes longer."

Peter has married since leaving school. His wife, returned to Taiwan only last Friday after traveling with him.

Peter Ma, left, is shown here being interviewed by Ken Dollinger, editor of the West Texas State University publication, The Prairie. Peter, a graduate of WT, presently is with the Commerce Department of the government of Taiwan, Republic of China.

An exhibition of paintings by Nancy Werner, Amarillo, junior, will go on display Nov. 13 in the Fine Arts Lounge at West Texas University.

The artist will be honored at a reception from 1-5 p.m. Nov. 13 in the FAB.

A graduate of Tascosa High School in Amarillo, her art work in that school's 1963 year-was selected for reproduction in "Photolith," a national publication for high school and college journalists.

She is a member of the Texas and Amarillo Fine Arts Societies and of Kappa Pi, national art fraternity.

Fumes Near Fatal For Mrs. Gillham

Mrs. Doris Gillham is recuperating this week from near asphyxiation at her home early Wednesday morning of last week.

Mrs. Gillham was found by a niece, Joy Parsons. The niece went to the Gillham residence after being alerted by Mrs. Gillham's fellow workers at Cooper's Market.

Mrs. Gillham was hospitalized until Saturday.

The near tragedy was blamed on a floor furnace for which the therometer thermostat was not functioning.

Mrs. Gillham is employed in the delicatessen at Cooper's.

Ceremonies Held

'Maryland Case' Convention Topic

Discussion of, and possible action in the "Maryland Case," will highlight the annual convention Nov. 14-16 in Washington, D. C., of the Association of State Colleges and Universities, according to Dr. James P. Cornette, president of West Texas State University.

Dr. Cornette is president-elect of the association and is chairman of the association's committee on legislation and committee on policies and purposes. He will assume the presidency Jan. 1.

Dr. Cornett, who sent a memorandum on the "Maryland Case" to the association's 202 member institutions, will attend a meeting Sunday, before the convention opens, of the association's directors.

The Maryland Court of Appeals in June ruled that three church-related colleges receiving state funds were establishments of religion and that it was unconstitutional under the First Amendment of the U. S. Constitution for the state of Maryland to appropriate funds to them.

When the Association of State Colleges and Universities board of directors met in September, the board adopted a resolution that it "is inappropriate for any national organization of institutions of higher education to take a stand in the legal resolution of what we believe to be a constitutional issue."

In October the American Council on Education's Board of Directors decided to engage legal counsel to assist the defendants (the three colleges), should the case be reviewed by the U. S. Supreme Court.

Since almost all public, private, and church-related colleges and universities in the nation are represented by the American Council on Education, some action by the Association of State Colleges and Universities is anticipated, Dr. Cornette said.

"The outcome of the U. S. Supreme Court case could have important implications both for Federal and State support of higher education in the future," Dr. Cornette said in the memorandum. "I bring it to your attention now, so you will have time to consider it in advance of the annual meeting, in the event the membership of the ASCU discusses what, if any, action it might want to take as an association."

Franz Conducts Tulia Service

Jerry Franz was guest speaker at Sunday services of the First Presbyterian Church in Tulia.

Franz is director of the Methodist Student Center at West Texas State University.

R.P. Wilson Rites Held

Funeral services for Robert Pearson Wilson, Sr., 82, were held at 2 o'clock Tuesday afternoon in the First Presbyterian Church of Greenwood, S.C., with Dr. R.L. Alexander officiating.

Local arrangements were made by LaGrone Funeral Home.

Mr. Wilson died Saturday night in LaCasa Canyon Convalescent home here. He had been a patient there for six weeks.

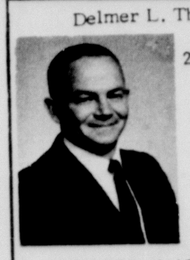

Mr. Wilson was born in Laurens, S.C., and had been a resident of Greenwood, S.C., most of his life. He moved to Amarillo two years ago.

He was a retired filter plant operator. He was a member of the Masonic Lodge and the Knights of Pythias. He was married to Miss Tully Kelly in Greenwood July 27, 1919.

Survivors include the wife; a son, Robert P. Jr., of Amarillo and three grandchildren.
